## **Licenses and Certification**

**1976** ECFMG

**1977** Israel Medical License #13821

**1982** VQE

**1989** Israel Board of Urology

**1990** Israel License of Certification as a specialist in Urology  
(Israeli equivalent of American BC system)

**1995** USMLE part 1 and 2

**1996** USMLE part 3

**1996** State Medical License – Georgia voluntarily allowed to expire.

**2000** State Medical License – Wisconsin

**2004** State Medical license – Pennsylvania voluntarily allowed to expire.

**2005** State Medical license – New Jersey voluntarily allowed to expire.

**2007** State Medical license – New York

---

## **Awards**

**1974 and 1975** The Dean's list for excellence in medical studies.

**1975** Exchange student in Mount Sinai Medical, NYC, NY, USA.

**1979** Hadassah Hebrew University Medical School award for MD thesis.

**1988** Israel Society of Urology and Tel Aviv University Medical School award for research project in Urology.

**1996** James Ewing Foundation Trainee award of the Society of Surgical Oncology.

---

## **Academic Appointments**

**1986 – 1989**

Instructor in Surgery, Hebrew University Hadassah Medical School.

**1989 – 1994**

Lecturer in Urology, Hebrew University Hadassah Medical School.

**1998 – 2005**

Associate Professor of Surgery (Urology) (courtesy, visiting)  
University of Florida College of Medicine.

---

## **Grants**

**1990** The Joint Research Fund of the Hebrew University and Hadassah University Hospital.

---

## **Membership in Professional Organizations**

American Urological Association – Southeastern Section  
Association of Government Service Urologists  
Wisconsin Urological Society  
Wisconsin Medical Society

---

## **Scope of Practice**

- Diagnosis of urological diseases
  - Medical and surgical management of adult urological disease.
  - Medical and limited surgical management of pediatric urological disease.
  - Educational interactions with medical staff and residents at all levels, to increase their level of skills in the clinic, ward, and operating room.
  - Teaching urological topics to medical personnel and the public
  - Research activity
- 

## **Research Projects**

1. VA cooperative study 417 on the natural history of large AAA. Concluded and published.
  2. VA cooperative study on prostate cancer intervention versus observation. Concluded and published.
  3. Evaluation of NMP22 in the diagnosis of bladder cancer. Matritech MA. Concluded and published.
  4. Evaluation of NMP22 in the follow up of bladder cancer. Matritech MA. Concluded and published.
  5. Evaluation of NMP22 point of care device in the follow up of bladder cancer. Matritech MA. Concluded, manufactured. Concluded and published.
  6. Evaluation of NMP22 point of care device in the follow up of bladder cancer. Matritech MA. Concluded.
  7. Evaluation of NMP48 in the diagnosis of prostate cancer. Matritech MA. Concluded.
  8. SECURE Sanctura study to evaluate control of urinary symptoms resulting from overactive bladder. United BioSource Corporation, KC, MO 64111. Concluded.
  9. Long term follow-up on quality of life of patients with prostate cancer. Concluded and published.
